As Christians we all reflect Christ's Spirit which resides in us. His Spirit radiates from the many facets of our lives—radiates to those around us. Christ's Spirit is reflected by Valley Christian . . .

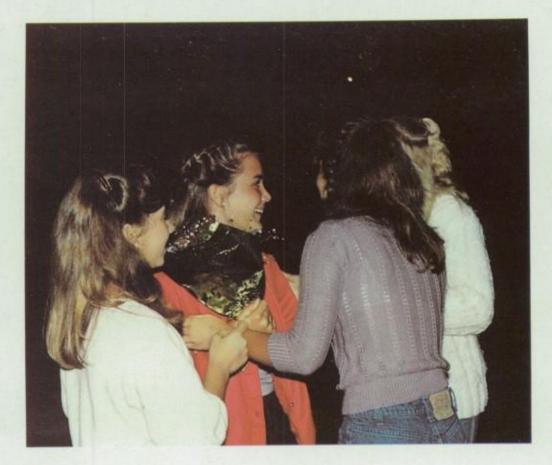

... around the campus and within our friendships. The reflection of His Spirit is multiplied through these relationships making the radiance even greater.

The music department is a special part of Valley's curriculum because the band and choirs get a chance to reflect His Spirit through performances outside of school. Through songs of praise and musical instruments His Spirit is reflected.

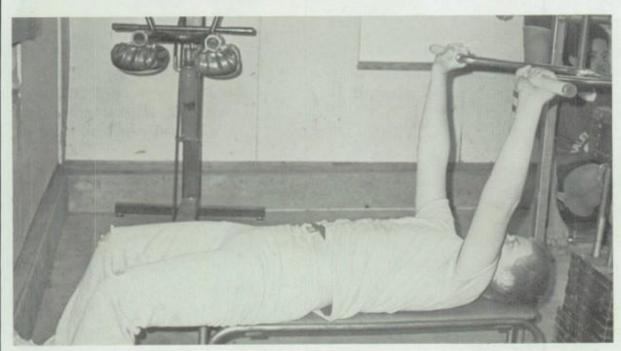

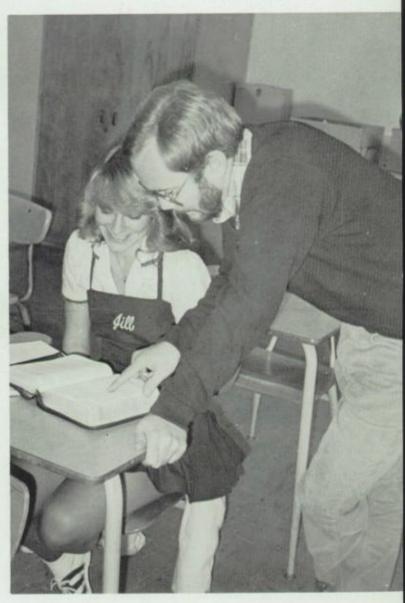

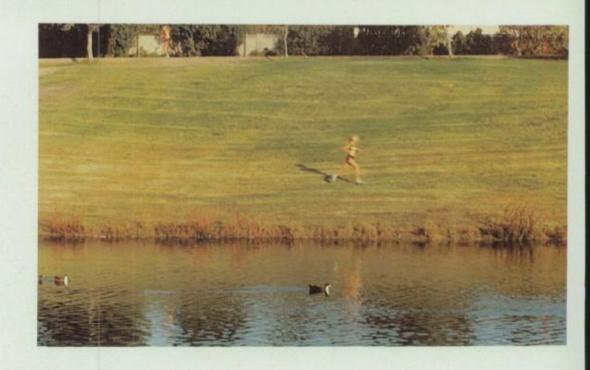

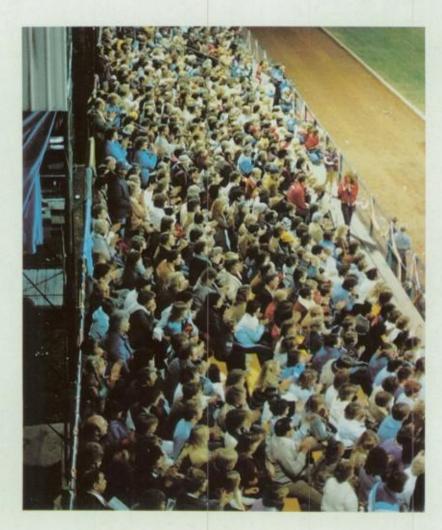

In every subject from P.E. to Bible to Physics, Christ can be found as the basis of our learning. Everyday in the classrooms His Spirit is reflected as both teachers and students work diligently.

His Spirit is also reflected through Valley's athletics. Both coaches and athletes reach for goals that are higher than just winning. Valley's athletics reach beyond school spirit to reflect Christ's Spirit on the playing field and in the stands.

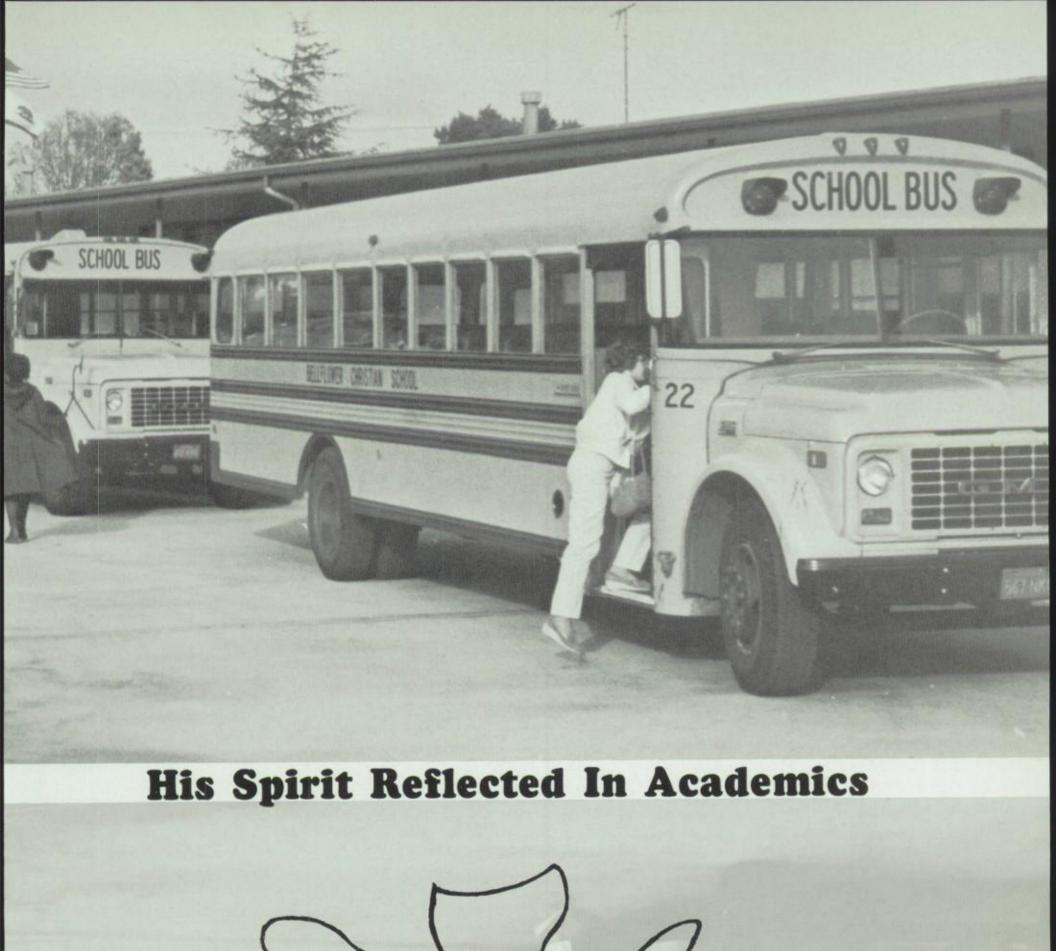

But we Christians have no veil over our faces; we can be mirrors that brightly reflect the glory of the Lord. And as the Spirit of the Lord works within us, we become more and more like Him.

English

Learning Necessary Skills

Grammar, literature, writing, Mass Media, and reading are all taught in the English Department. Under the direction of Mr. R. Sjoerdsma, Mr. G. Sjoerdsma, Mrs. de Jong and the two new teachers, Mrs. Winters and Mrs. Brands, English can become a fun learning experience. Freshmen are required to take English I and II, which covers a little of each of literature, grammar, writing, and speech. Juniors and seniors may choose from a variety of classes, including Advanced Study Skills. English will prove to be very helpful to you in the future. No matter what your plans are, you will always need to know how to speak and write well. Some day we'll realize that all those years of sitting in class, learning grammar and making speeches were worth it.

Foreign Language

An Everyday Cultural Experience

Have you ever walked through Building C and heard strange things coming from rooms 26 and 27? Don't be alarmed! It's just un clase de español (translated, Spanish class, for all you uncultured people). Spanish is the only foreign language class offered at Valley and Spanish I and II are required for all pre-college students. Four year veteran, Miss Logterman is busy all day teaching the basics of Spanish in Spanish I and II and the more advanced skills in Spanish III and IV. This year we are fortunate to add to the Spanish department, Mrs. Tuinstra who also teaches Spanish I and II. These two professors make Spanish class interesting by adding a few "cultural experiences" throughout the year. These days often include Spanish food and Spanish singing! These classes may not be easy but they're interesting and full of culture!

Their Business Is Business

For a student who's interested in a business career to fulfill his dreams, Valley has such classes to fill his schedule. These classes include Accounting, Typing, Filing, Bookkeeping, Office Machines, Financial Survival, Economics, Intro to Business, and Business English. In the business classes, the students have access to the new Apple Computer. Each student is allowed time to work on the computer individually. By taking these classes, which are taught by Mr. Wassenaar and Ms. Aardsma, you can begin working toward a full-time job as an accountant, or something of that sort. Overall, if you are looking towards a field in business, the classes at the far end of Building A will be the ones for you.

Math

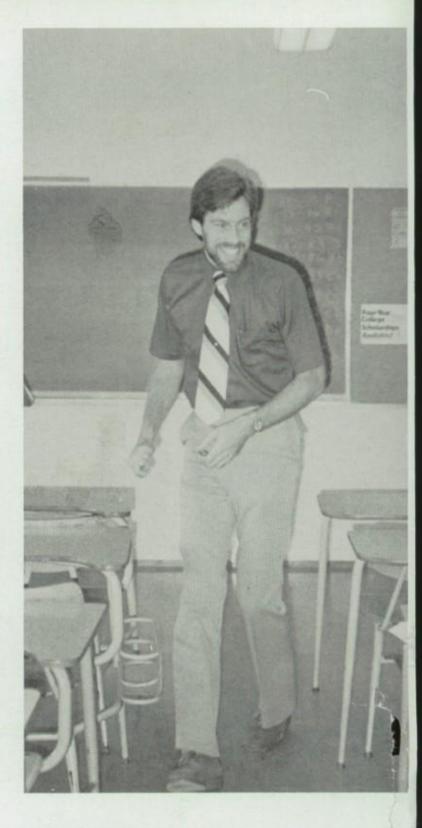

Summing Up The Subject

Math is something we use everyday and Valley is the place to learn how to use it. Classes like General Math, Algebra I and II, Geometry, Computer Math and Advanced Math are available to students. The Math teachers for these classes are Mr. Crull, Mr. LeFebre, Mr. Hugen and Mr. Wunderley. Math is very useful to everyone and will make things easier in life.

Science

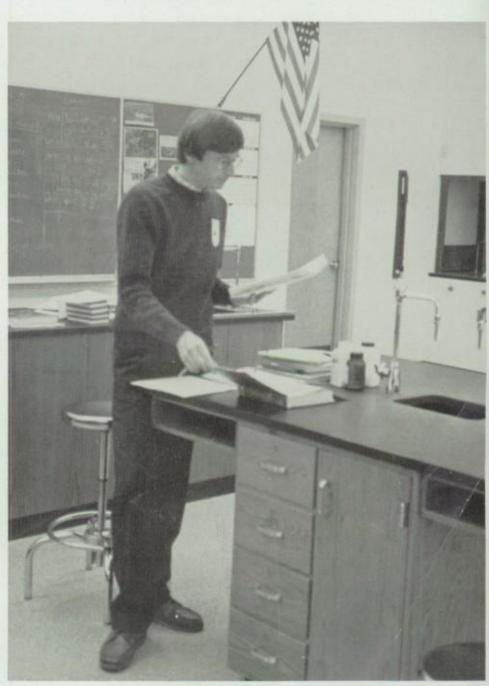

Learning more about God's Creation

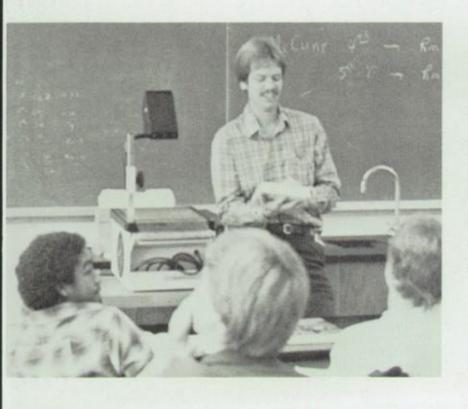

Dissection, experiments, microscopes, and scales are only a few of the many activities and objects you will find in science classes. There are many science classes ranging from health and earth science with Mr. Baker, Biology and Advanced Biology taught by Mr. Feddes, and Chemistry, Life Science, and Physics with Mr. Hoekstra. These classes not only help us to view God's creation with more detail, but it gives us more appreciation and understanding for nature and mankind.

History

World News . . . Yesterday And Today

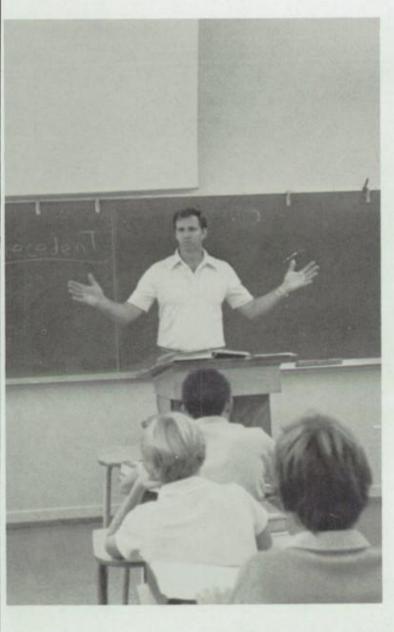

Have you ever wanted to go back in time to the Middle Ages, with knights in shining armor and ladies in distress? Or even to the time of the American Revolution or America's founding? In a sense, you will do that in a history class. Under the direction of Mr. DeBie, Mr. Den Ouden, and Mr. Van Den Berg, you'll learn about people's pasts and nations' beginnings. You'll learn how history repeats itself and how we learn from people's mistakes. In one of the history classes, Current Events, students find out what's happening around the world today. While in a government class, you'll learn how our nation is run. History becomes a very interesting and informative class through the three people who have the gift of teaching in a very captivating way.

Improving Our Christian Walk

What makes Valley Christian different from other schools? The word Christian. The Christianity which makes up the school is taught in the Bible classes. These classes include Intro. to Bible, Reformed Doctrine, Comparative Religions, and more. A new elective this year is Bound for Joy. Some classes are strictly Bible, while others deal with the problems of today's society, and how a Christian should deal with them. Mr. McCune joined the staff at Valley as the new Bible teacher for freshmen and sophomores. Mr. Verkaik deals mainly with juniors and seniors. The Bible classes help us grow in our Christian walk both now and after graduation.

The buzz of an electric saw or the hum of a sewing machine are two very familiar sounds that you will hear in our Industrial Arts classes. Our shop and drafting classes are taught by Mr. Veltkamp. These two classes involve the construction of boxes to furniture and the basics of architectural drawings. Industrial Arts also includes the Home Economics department which is taught by Mrs. Brouwer. These classes include cooking classes, sewing, and how to redecorate your house. All these classes help you to build your future.

Working To Keep In Shape

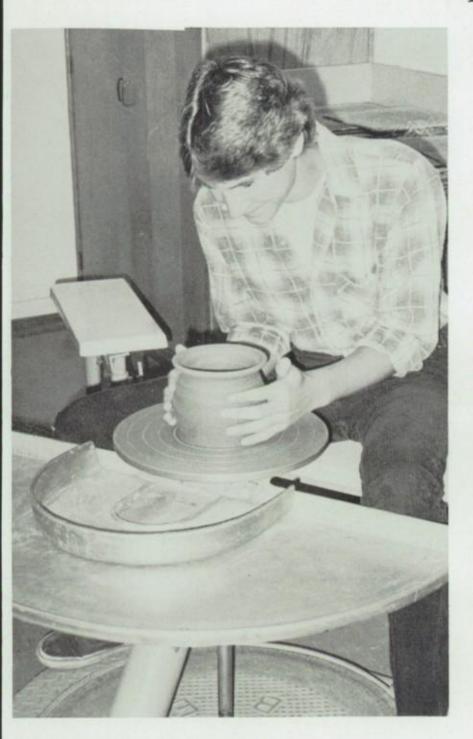

Physical education plays an important role in Valley's curriculum. For this reason, freshman are required to take a full year of it. For the girls, activities involving team and a few individual sports are played. With the guys, activities such as weight training, first aid, care and prevention of athletic injuries, and running are taught along with team sports. With Ms. Glas as the new P.E. teacher, new skills have been introduced to the advanced courses for girls. These skills, which include weight lifting, self defense and aerobics, are taught to expose us to life time activities. For the guys, advanced activities include bowling and tennis, along with regular team sports.

Art

Using Our Artistic Abilities

Art is one of those classes in which you take a break from the basic academics. One thinks he'll have hardly any work at all. But think again. Art is a lot of hard work. It takes skill and a lot of time and patience. Mr. Oppewall, the teacher of drawing, painting, and ceramics stresses that you take your time. If you produce a good project it may end up in the library for display. This would be a fun class for you if you enjoy working with your hands, you may reveal some artistic abilities!

Books, Magazines, Films . . . A Whole Learning Center

The library at Valley has changed its look! The whole room has been rearranged, leaving more space for leisure reading. Whether you want to study, find a book, or just skim through a magazine, the library has it all. Individual study units contain filmstrip projectors and tape recorders for use by students who have missed presentations in class. The library is also in charge of media equipment and provides projectors and overheads to the different classes that need them. So next time you have nothing to do in study hall, just fix your sights on Room 21 and you'll find everything your little heart desires.

Whether you have a major problem at home or a conflict with a teacher, or just need a simple class change, Mr. Cole and Mrs. Brands are available to help you. Mrs. Brands, in her first year here at Valley, has helped make the year easier for many students. Mr. Cole also puts a great deal of time into helping students plan their future for the field of work they'd like to get into. Along with this, both teachers arrange students' schedules for the upcoming year. Where would we be without them??

Senior Play . . .

Senior actors display their talents

As always, the senior play was an outstanding presentation. What made "Tevya and His Daughters" even more a success was that it was held in the new Bellflower Civic Center. This was the first year Valley was able to use facilities other than its own. The realistic stage, lights, and props brought the play to life. The play itself was about a Jewish family man trying to marry off his daughters. The daughters found husbands on their own, and Tevya had to live with their decisions, in spite of the nagging from his wife.

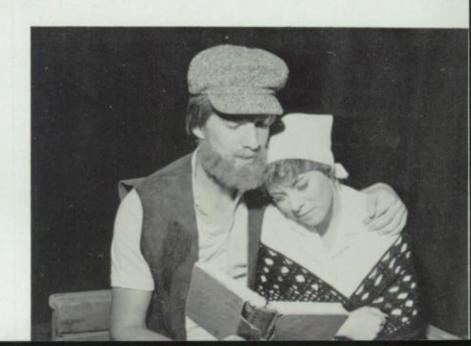

All this was acted out under the excellent direction of Mr. Cole. Alot of time and dedication was given by the committees, directors and actors, but it was worth it!

Senior Trip . . .

Seniors invade S.F.

The big event began on May 26, 1983 at about 5:30 in the morning, when all of the seniors were pulling and tugging on themselves to get out of bed. Once this was accomplished, they met at the school at 7:00 and boarded the buses for the ride to Orange County Airport. This year, all the seniors were boarded onto the same plane. An Air Cal DC9, which was over two-thirds full, once the seniors were aboard. After a nice flight and safe landing, they were rushed to the buses for a tour of the city. After the tour, everyone was left for a few hours on their own. Some walked around Fisherman's Wharf, Pier 39, the Cannery, Ghiradelli Square, or just shopped in shops along the street. Since the cable cars are out of order for reconstruction, buses were there to fill in. Some of the "tourists" even rode a taxi down the crookedest street in the world. After this long and tiring day, they rode a peaceful plane home and arrived back at school at 9:30 P.M.

A chance to honor senior mothers

Back about seventeen or eighteen years ago, close to a hundred kids, seniors from Valley, were born. Well, their mothers have stuck by them through thick and thin, and really haven't been appreciated enough. So, the sophomore class thought they would help these kids out a bit. They put on a tea for these kids and their mothers. The theme was "Somewhere Over the Rainbow", and the chapel was decorated in accordance with the theme. Kristen Postma was the mistress of ceremonies, and for entertainment, the Valley Christian condensed version of the Wizard of Oz, with Seniors as actors, was put on. Joleen Zuidervaart sang two songs with the accompaniment of Chris Shaffer on the piano. To finish off the tea, the winners of the senior poll were given certificates for their rewards.

Senior Chapel

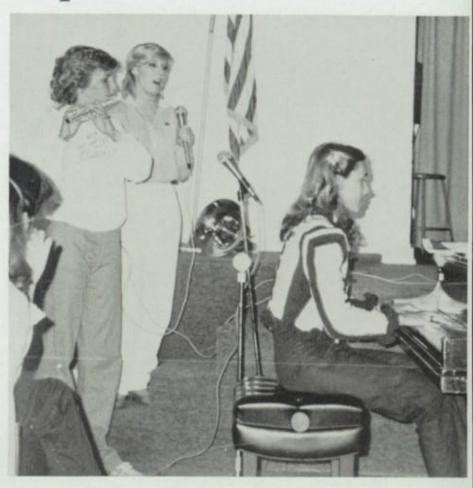

A final chapel given by the seniors

This year's senior chapel was also the last chapel of the year. It was all put on with the theme of "Success". As everyone entered the chapel, Mary Beth Brown played the piano. Then, to start off the chapel, a prayer was given. Speeches of success and memories were given. A poem having to do with a senior's last few weeks of school was read just before the seniors led the underclassmen in the alma mater to close the chapel.

Graduation

The class of 1983 becomes graduates

The big night had finally arrived for the seniors. The junior escorts, Cyndie Van Weerthuizen and Randy Bultsma, led the seniors into El Dorado Park Community Church, marching to the tune of "Pomp and Circumstance." The Acappella choir sang "Beautiful Savior" and "Joyful, Joyful". Kim Warren and Rick Hoting, co-valedictorians, presented their speeches to the class. Speaker for the evening Dr. J.B. Hulst from Dordt College, gave a tremendous message to all who listened. After the graduates received their diplomas, Vickie Kuvelis presented the class gift. The parents of Lane Broersma also left three flags to the school, in the memory of their son, whose class mates graduated this night. The graduates then filed out of the church and were congratulated by friends and relatives outside. This is one night the class of nineteen-eighty-three will always cherish.

Fads

What was "in" during 1983

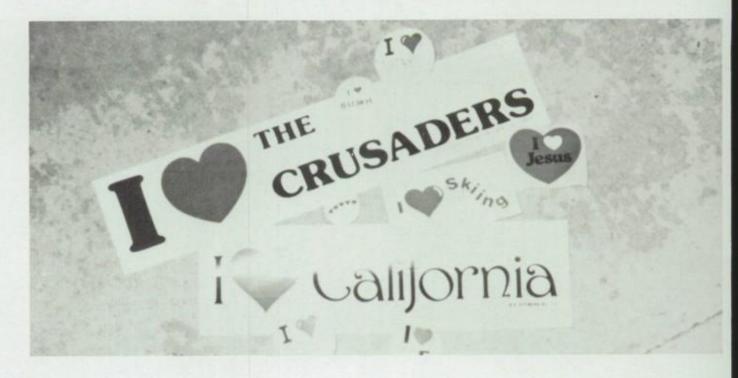

A fad is a funny thing, it goes out as fast as it came in. Many fads came and went here at Valley. The hairstyle for the football stars was a mohawk. Clothes were brightly decorated with stripes, plaids, and polka dots. Everything from shirts to shorts were found in those three prints. Pretty soon the pumps came in. High and low pumps in every possible color were everywhere. It'll be interesting to see the fads of years to come.

S.E.A.R.C.H. Trips . . .

Visiting the Nation's Capitol

On Wednesday, March 23, at 6:00 in the morning, 25 excited students and 3 adults left for the LAX airport. Destination: Boston and Washington D.C. Purpose: To have fun and learn more about our country. The group spent the first two nights in Boston at the Essex Hotel. During the day they toured historical sites through both the city and the countryside of Boston. On Friday afternoon the group left for a nine hour Amtrak ride to Washington Circle Inn. While visiting Washington, the group saw many historical sites. Besides the many tours, the kids were also given a lot of free time to enjoy the city and, of course, go shopping! One week later, on March 30, 28 tired people boarded the plane and headed back to the West Coast, back to good old California. Not only had they gained knowledge of new places but also gained new friendships and memories, including wild Boston taxi cab rides, being stuck in an elevator with 20 others, the fuji brothers, sitting on the floor of Congress and more. This was one week that will never be forgotten by these 28 people.

Spain . . .

Visiting far away places

One of the highlights of this year's SEARCH program was the trip to Spain. Miss Logterman and fifteen other people visited Spain for two weeks. They toured cathedrals, museums, castles, a flea market, and many other interesting places. They traveled from Madrid to Granada to Sevilla and back to Madrid, and represented Valley at the same time. They got to try Spanish foods and they also ate at Burger King, Wendy's and McDonald's. They had the chance to observe many of the Spanish customs. They had a wonderful time! It was an experience they will never forget.

. . Mexico

Lending a helping hand

On March 23, ten students and two teachers left our campus for Mexico. They spent three days and two nights near Rosarito, Mexico. They broke into two groups. One team worked at the orphanage and fixed their roof, while the other team built a thrift store. In two days they erected the whole building. On Friday, before going home, they all went to Tijuana and went shopping. This group had a lot of fun and showed God's love through their hard work.

Twirp Week

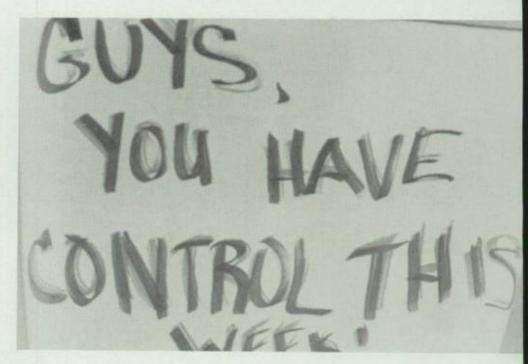

The roles reverse at Valley

"Get my books", "sharpen my pencil", do this, do that, is all you hear during Twirp Week. This particular week was set aside in favor of the guys. All week the guys asked the girls to do them favors that they would naturally be expected to do. This year there unfortunately wasn't any Kangaroo Court. Instead, we made up for it by having a Dating Game. There were bachelors, bachelorettes, and teacher bachelorettes. Everyone had a good time laughing at the responses given for each answer by both students and teachers. The guys had fun and so did the girls and that's what really counts!

MIDDLE LEFT: Mr. G. Sjoerdsma shocked at what a sexy figure Mr. Hugen has. TOP RIGHT: Carla Jones speaks out openly. MIDDLE RIGHT: This is what really makes guys go out of control. BOTTOM RIGHT: Derek Randle asks his next question with high hopes during the Dating Game.

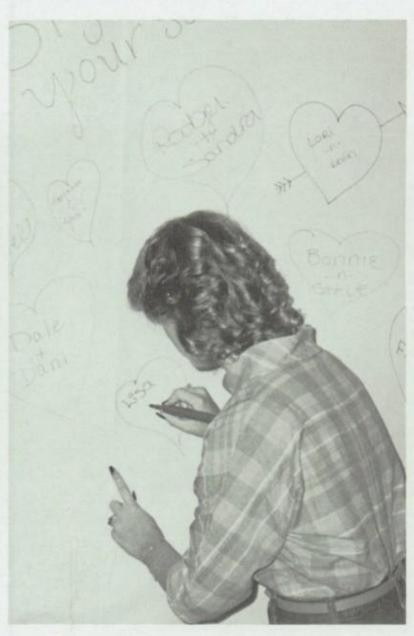

Lovers In Levis Banquet

When the girls ask the guys

The theme was "Lovers in Levis" and that's just what it was. Couples dressed in coordinating outfits, complete with Levis, had a very enjoyable evening. Jeff Procter and Linda Escarzaga were picked for the best dressed couple. The night started out with the couples getting pictures taken. Then came a meal consisting of ham, corn, salad, and to top it off, ice cream for dessert. The entertainment for the night was a slide show on surfing and many took "romantic strolls" around Valley's Crusader Lake. The couples will always remember their night together.

TOP: A casual but fun theme. BOTTOM LEFT: This year's "Lovers in Levis" fill the chapel. BOTTOM RIGHT: Lisa Vos signs her sweethearts name.

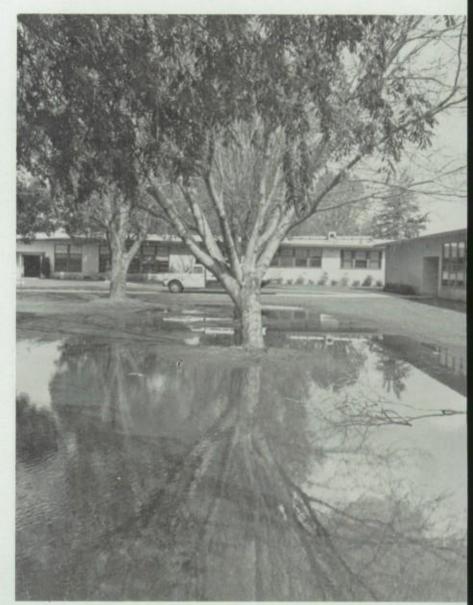

Unique California Weather

Who says it never rains in California?

This winter we saw some rare Southern California weather. We had an earthquake, a tornado, many thunder storms, and a whole lot of rain. This year alone we had more than twenty-eight inches of rain more than the last two years put together. Crusader Lake, formerly our lunch area, became so large that it overflowed. A few people enjoyed the lake so much that they thought they'd take a swim, and that they did. But this became a "major concern." The wind was so strong that trees were uprooted and at the airport a few small airplanes were tipped over. At the beaches waves were so high that many piers were knocked down and the tide came into people's houses. The weather this year was unforgettable!

Pep Rallies

Raising the students' spirit

What better way is there to express your school spirit than in one of Valley's pep rallies? Here, students get a chance to show off their pride in their class. One of the pep rallies this year had a tropical theme where the tachers had to demonstrate the hula. The gym is not the only place to get "fired up." The cheerleaders started something new this year by cheering on top of the wall of Senior Square at break. The cheerleaders should be appreciated for being a great example of enthusiasm and school pride.

Spirit Week . . .

More than just a week of dress up days

One of the most unusual weeks at Valley is Spirit Week. This week is filled with five fun days, each with a different dress code. We started off the week with a campus full of tourists dressed in Hawaiian shirts, sunglasses and cameras on Tourist Day. People thought they were seeing double on Tuesday which was Twins Day. On Wednesday, we reverted back to our childhood ways with Baby Day. The day for clowning around was on Thursday, Circus Day. Finally, Friday was the traditional maroon and gold casual day to fire the students up for the Homecoming festivities of the night.

Dress up days are not the only things that make up spirit week, though. This week also includes late nights at float building parties, early morning practices for those involved in the Homecoming half time show, long hard afternoon football practices, lots of planning and work by the Student Council and more.

Spirit Week is a week of excitement, work and memories.

Seniors Reign Victoriously

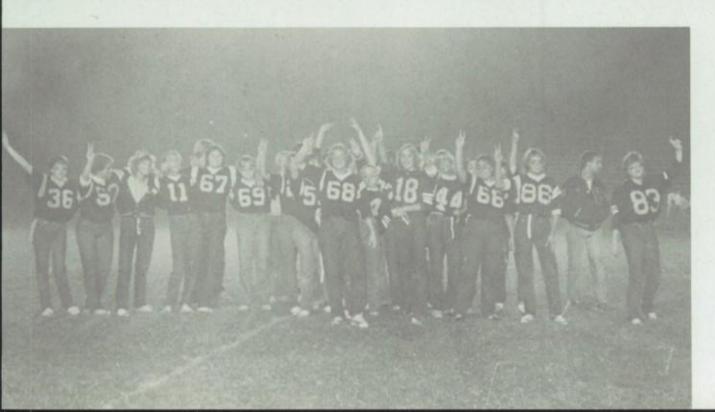

On November the first, the roles of the students were reversed. At the powder puff football game the girls were the players and the guys were the cheerleaders. Throughout the night our own Howard Cosell, Frank Visvikis, kept us informed on the highlights of the game. The girls, in their jerseys, got to experience the real feeling of being a "big and bad" football player. The cheerleaders, in their blond locks and short skirts, did an excellent job of cheering the teams on and keeping a happy feeling going with the people in the stands. Scott Krosschell, Gary Overgaauw, Dan Rushing, and "King Cool" Sam Fey were a new addition to powder puff night. Guys from each class were voted on by the student body and were recognized with a "crown" and "cool" pop-sicle at the game. The Senior team won 6-2, the princesses for Homecoming were announced and the night was one to remember!

Excitement Fills The "Crusader Bigtop"

With our own "ring master," Kevin Van Otterloo, the "Crusader Big Top" theme brought a circus atmosphere to Valley. It was a very special night, with the princesses looking their best and clowns looking their funniest. Each princess rode her own class float on which the students worked hard. The seniors' elephants took first place in the contest. The princesses were escorted by their fathers while Kevin introduced them. Everyone was anxious to know who the 1982-83 queen would be. It was announced after a sky-diver with the new queen's name in an envelope landed on the football field and handed it to Kevin. Our Homecoming Queen was Vickie Kuvelis. The varsity football team lost a tough game to the eventual CIF champions, Ontario Christian, 42-14. The night was very special and exciting for everyone and this Homecoming will be remembered by all.

Boppin' And Hoppin' At The Crusader Hop

For the first time in the history of Valley Christian High School we have had a school sponsored dance. It took a lot of consideration; the board took a vote and passed the proposal. The theme was "The Fifties." There was everything from poodle skirts and ponytails to rolled up jeans and greased back hair. Songs such as "Rock Around the Clock," "Shake, Rattle, and Roll," and many others blared across the chapel from the jukebox. A hula-hoop contest was held with Eddie Keller taking first place. At the end of the night, Mr. Keuning said that it was a great success, and hopefully, it was the first of many to come.

Chapel

A Special Part Of Every Week

Chapel has become a very special time for students here at Valley. Time is set aside once a week for students and faculty to come together and express their joy in knowing Christ through praise and worship. Singing plays an important role during chapel, mostly because of Mr. Hugen, our song leader. He introduced the student body to many new songs this year, two of them being, "The Tree Song" and "Matthew 6:24." Mr. Verkaik replaced Mr. Cole this year as chapel coordinator. He has the responsibility of arranging for guest speakers and groups. An interesting variety of chapels included The Tenth Coin, a group of deaf people who displayed their talents to us in a unique way; a handicapped man who talked to us about living with his disability; and the musical group, Prism, who entertained us with their music. Valley's chapels make us, as students, more aware of Christ and how we can better reflect His image.

Scholastic Arts Society Banquet

For those who excel in academics

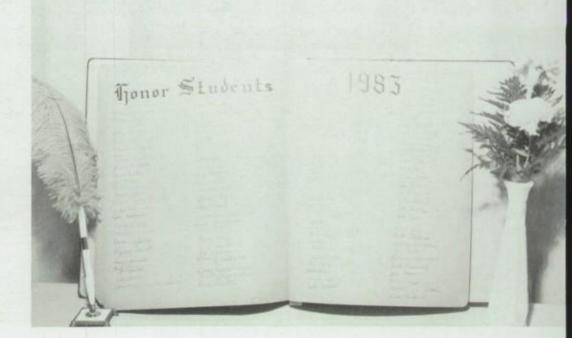

1983 was a good year for the Honor Society members. Of the 117 members, 68 were new. They were all honored in the Scholastic Arts Banquet, which took place in May. This year the members went to Magic Mountain for their anually sponsored trip. As the advisor for the Society, Mr. Hugen organized the events of the year, making sure everything went smoothly. On the night of the banquet many special awards were given to different seniors who had excelled in academics. Vickie Kuvelis, Kim Warren, Becky Gravell, and Dave Brouwer, gave speeches on leadership, service, character, and scholarship. The entire evening was a reflection on the students and their successful work in school.

... The Roaring 20's

A trip back in time for our juniors and seniors

This year's theme brought around many costumes, from flappers and gangsters to formals and tuxes. Most people had their pictures taken to remember this special night. Dinner consisted of ham, baked potatoe, vegetables and, to top it off, ice cream for dessert. The entertainment was made up of a Jazz Band, Barber Shop Quartet, our own flapper dancer, Kara Hoeksema, doing the Charleston, a "silent movie," and Senior Awards. Sandee Van Aalsberg and Cyndie Van Weerthuizen were the M.C.'s for the evening. They "went back in time" to the 1920's, which was our realisticaly decorated chapel. After the banquet, most everyone went to the parent sponsored dance held at the Lakewood Country Club.

Girl's Athletic Banquet

A night of awards

After a year of sports the Booster's Club gives a banquet for the athletes, coaches & stats. On May 31, at the 1st Baptist Church of Lakewood, the girls had their banquet. There were alot of awards and recognition given to the athletes. Only one team, the girl's track team, this year were the Olympic League Champs.

One of our outstanding players this year was Kim Warren. She received the Scholastic Athlete Award, the Senior Athlete Award and many others. Many athletes went home with awards, but everyone was reminded how privileged they were to be healthy and able to participate when a poem was read to close the evening.

Finishing off the season

Once again the Letterman's Banquet was held on June 3 at Lakewood First Baptist Church. After the introduction and prayer a fine dinner was served and then the time that all the athletes were waiting for, the awards. Many awards were handed out to truly deserving Lettermen. Among these were the M.V.P. Awards, Outstanding Senior Athlete Award and Scholastic Athlete Award. Our boys' teams deserved something for all that they had done in the past year, and this seemed a very fitting way to end the season.

Valley has pigskin pride

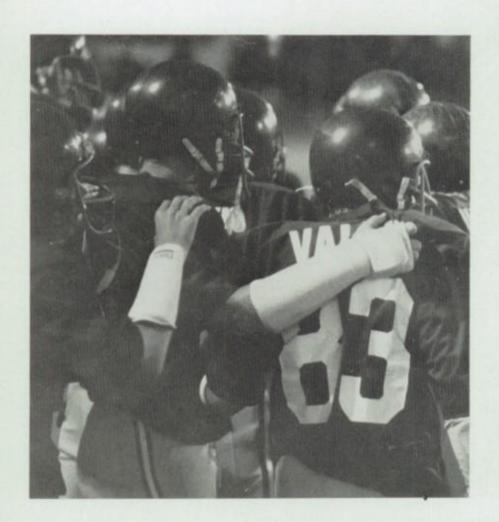

This year's Varsity Football team did much better than expected. Though our starting offense consisted of sophomores, juniors, and seniors, they blended their abilities and teamwork well. We zipped through the pre-season games and went on to the league games. The first was against Brethren and the results weren't very good. The next three games our team showed their ability to win. Homecoming came which was against Ontario Christian. Ontario won with the score of 42-14. Our league games total score was 3-2 which was good enough to put us in fourth place and in the CIF playoffs. The team played their first round against Rosamond High and won with the score of 27-6. The second round came but unfortunately we didn't win. The whole team played very well.

Varsity Volleyball

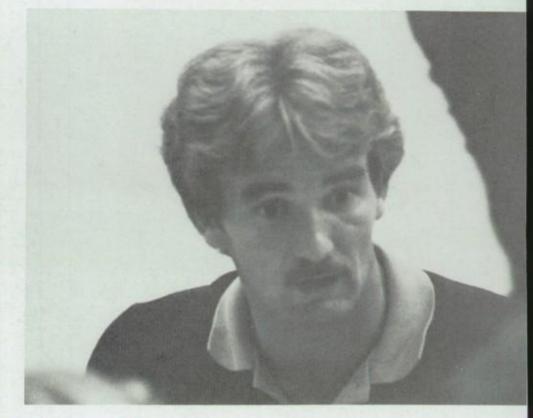

Jump, Set, Spike

1982 was an outstanding year for Valley's Varsity Volleyball team. With the help and encouragement of Coach Jacobsma, they became 2nd in the league finals with a record of 6 and 2. They even went to the first round of CIF and had a season record of 10-10. Chris Groot summed up the year by saying, "We had a lot of ups and downs but overall it was a great year."

Cross Country Experiences The Mount Sac Attack

"These are the best two cross country teams we've ever had at Valley, and next year promises to be even better. Cross country has finally reached a position where it can demand respect and attention." These words by Coach G. Sjoerdsma expressed his feelings on the 1982 cross country teams. The year proved to be an especially good one, with a good season record for both the teams. By tying for second with Ontario in the league, the girls went on to win 1st place in the league meet, while the guys got 3rd in both the league and league meet. The outstanding effort put into the league meet by the teams was rewarded by being sent to the CIF pre-liminaries at Mount SAC. This was the first time Valley's cross country teams had ever made it past league finals. As assistant coach for the girls' team, Mrs. Brands was a great support to both the teams.

Shooting for the goal

The season started off with bright new uniforms and a consolation championship from the Lutheran of Orange Tournament. Once league play was started we had some injuries, illnesses and losses as well as wins. The team was made up of mostly under classmen, with only 4 seniors. With a league record of 3-5-2, they had 4 players selected to All-League. This includes the best goalie in the league, Darren Hesson. The team had a tough season, but under the direction of Coach Wind and Assistant Coach Vander Dussen, they did a good job.

A winning season

10, 9, 8, 7, 6, 5, 4, 3, 2, 1 "buzz!" The Crusaders win again! The Varsity Basketball team this year is one to remember forever. With all of the five starters returning from last year's team, the crowd had great expectations from this bunch. The team began the season with a bang, winning the championships from two tournaments and the consolation championship of their own tournament. With their outstanding teamwork, the guys pulled off a win at every game during league play. The bench ("circus") also put forth their abilities to keep them up on top. Every once in awhile, Dennis' slams would arouse the excitement of the crowd. Word was sent out and before long he was named the Channel 7 outstanding player of the week. The team went into the CIF playoffs as the number three ranked team for the 1A division. They played well in CIF, that is, up until they lost in the semifinals to Blair, the number two ranked team. This was their hardest game of the season, losing only by eight points. Well, the season came to an end after that rainy night in the Gahr High Auditorium. They wrapped up the season with 26 wins and 2 losses.

The girls who surprised the fans

After a great year last year, the girls started the season without any ratings. Well, they surprised all of the fans! They made it to the quarterfinals in the C.I.F. playoffs, after taking second place in the league. The team only lost to their rivals, Ontario Christian, during league play. Although the team had a few injuries during the season, they were still able to work together through both good and bad times. Congratulations team, on a great season!

Varsity Baseball

Hitting for a winning season

1983 turned out to be a successful year for the Varsity Baseball team. With a season record of 6-7-1, Valley won the third place spot in the Olympic League. Valley had an unbeatable shortstop and pitcher, Dave Brouwer and Oscar Sanchez. Oscar was later voted the MVP of the year. They also had six other seniors who returned for one last year of baseball and who did their part in bringing the team through the season. The team went as far as the first round of CIF, where they lost to Chaminade, 0-4. All in all, the year was a good one with the promise of even better ones yet to come.

The batters had a ball

This year's Varsity Softball team had an over-all good season. One of the strong points of the team was their outstanding improvement in hitting. Chris Groot contributed alot to this with her home run hitting ability. Another contributor was De Ann Doornbos for her pitching, she was also voted as the team's M.V.P. Even though there was lack of experience the girls had fun and made it to the first round of C.I.F. playoffs. They finished the season 2nd in the league. Also, a special congratulations to Charlene Dekker, De Ann Doornbos, Chris Groot, and Michelle Marselles, who were selected as first team Olympic League.

Run, run, run!

This year the track team did quite well. In fact, they made second place overall in the CIF playoffs. Many school records were made and broken. A couple examples are Jim Auman in the 1600 and 3200, Rob Van Duyn in the 100 high hurdle, Larry Dunn in the 100 and 200m, Derek Randle in the 800 and 1600, and many others. Personal records were also made and broken. Mr. VanDenBerg was the coach for this year's track team. Two things really stuck out in his mind. They are Jim Aumans 45 meter dash at the end of a two mile race to make a triumphant win, and the win of Larry Dunn in the 100 and 200 meter dashes at the Russel Cup International. We are very proud of this year's guy's track team and Mr. VanDenBerg who did a good job of coaching.

Working for the championship

This year's track team, the largest in Valley history, was once again the Olympic League Champions. With all but one of last year's team returning, plus a few extras, they started the season with high expectations. These were soon fulfilled as they started winning their meets right from the beginning. They continued to win through the season; new records were set in almost every event. These wins gave them an undefeated season. After league was finished they competed in the league pre-lims and finals. Several girls made it into CIF, in all events but the 3200 meter run. Congratulations to the entire girls team and their coaches (mom and dad), on an excellent season.

This sport is one of America's favorite pastimes as well as a good form of exercise. This year Valley's tennis team made history. With the help of Brad Juhasz and Stan DeBoer they won their first match which was against Brethren. Mr. G. Sjoerdsma and Mr. Nance did an excellent job coaching the team and it shows. The team did an outstanding job in playing and next year we hope they do just as well.

Keeping stats for our athletic teams

Are you wondering what stats are? Well, The word stands for statistician and they are the people who have the behind-the-scene role of taking score for our athletic teams. They are very important individuals. How else would the score be taken accurately? They also keep track of shots, spikes, accurate passes . . . and more! We have stats for every one of our many teams, from freshmen to varsity. The dedication of the stats is greatly appreciated by us all. What would we have done with out you this year!

His Spirit Reflected In Music

Woman's Ensemble

Blending their voices for excellence

Learning new songs, doing voice exercises, and learning how to improve one's voice is all part of Women's Ensemble. This choir is just like any other choir except for the fact that it is made up of all females. Girls from freshman to seniors can become a part of this choir if they are willing to individually audition. Then Mr. Goedhart, the director of the Women's Ensemble, chooses the girls that he feels are most qualified. This choir performed for many people and took part in many choir festivals. This year the voices of the girls blended nicely. This experience is a good way for the girls to learn about music, God, and to get along with others.

Concert Choir

Sing, Sing, Sing

Concert Choir had a terrific year. This group of guys and girls learn about music theory and quality choral music and then take all of that knowledge and put it into their performances. They perform at concerts, which are under the direction of Mr. Goedhart. Concert Choir is a fun, learning class for people interested in music and singing.

A'cappella

Sing your praises to the Lord

A'cappella may seem like an easy class, but it's not. It is one you will have to work at to succeed in. By the end of the year, all voices will be blended together into four separate sounds. With everyone standing tall with smiles on their faces, this year's A'cappella choir performed at the fall, winter, and spring concerts. They also participated in the Biola University Choir Festival. The highlight of all performances was when the choir sang "Beautiful Savior." This song stood out in all performances, and took in the most applause. The memories of the day-to-day practices, the maroon robes & of course the black mary jane shoes will always be remembered.

A Talented Group

When someone mentions the Madrigals, one of the first things that comes to mind, is talent. The Madrigals perform at various places, ranging from different churches in the area and hospitals to amusement parks such as Knott's Berry Farm. With only 2 singers returning from last year, the Madrigals were inexperienced. Yet, with a lot of practice, their voices soon blended together. The Madrigals really did a great job of witnessing this year as they touched the hearts of everyone they performed for.

Our Small Bands

What's that over there trying to out do the noise of the crowd? Oh, it's the pep band and it's director, Mr. Gray. They fill up a whole section of seats opposite the fans, and play such songs as "Eat'em up", and other class competition tunes. Another of Mr. Gray's groups is the stage band. They start off their mornings at 7:30, in the band room, practicing over and over again for perfection. They perform at such things as Mother's Club and the Pop's Concert. It was a good year, and we will be looking forward to hearing them again next year.

Band

Praising the Lord with instruments and music

Valley's Crusader Band is one of the many groups that help represent our school and its spirit. This year's band was conducted by Mr. Gray, who left us in 1981 and joined us again this year. They participated in a few parades and played for several different groups and organizations. They even played at the Dodger Stadium which was a rather big event. The band also plays a large role at Valley's home football games. They played just before the game and were a part of the half time shows. On a few occasions the band marched through the halls playing their loudest in an attempt to give the school more school spirit for that day. We thank our band for doing such a good job.

Varsity Cheerleading

Raising school spirit

Before anyone ever gave next year a thought, the 1982-83 cheerleaders were hard at work. With early morning practices and cheerleading camp during the summer, the girls prepared for the upcoming school year. But, this was just the beginning! They had a whole year full of games, rallies, and they also started a "new thing" by cheering on Senior Square. These girls brought a lot of spirit to our school for special events and games. Cheerleaders have much more to do than just yell cheers, they have a job which consists of bringing the whole school together to support our teams. This is no easy task and we should be thankful for these dedicated girls.

With their large maroon shields and gold bangles, six beautiful girls lead the band on their march to the finish. As a part of the band, these girls participated in half time shows, performing with the drill team upon a few occasions. If you feel like being a "leader", here's one way you can accomplish that ambition at Valley. Join the ID unit!

Drill Team

Smile girls!

If there's one thing that livens up Valley's football games and pep rallies, it's the drill team. Their specialties are routines to music, and they do that very well. A lot of time and effort as well as practice is put into every routine to make each step perfect. The drill team has performed in many parades this year along with football games and pep rallies. Under the direction of Kristin Postma as captain and Mrs. Winters as advisor, the drill team did an outstanding job of putting together and performing routines.

Flag Team

Flags raised high

The 1982-83 flag team was made up of all new members. They started off working together at Hubbard's Camp. They participated in both the Artesia and Bell-flower parades with performing at Dodger Stadium as their highlight. The jobs of these girls were well-ranged. Both tall flags and short flags were used for parades and for marching out onto the football field with the band for half-time routines and while singing the Alma Mater. They also cheered at basketball games. This year was very exciting, and these girls are sure to keep the memories treasured forever.

Annual Staff

Once upon a deadline

There is one word that every Annual Staff member dreads more than any other . . . deadline. Each member is assigned a specific task throughout the year. Whether it's laying out, writing copy, editing, photofitting, taking pictures, finding ads, or just writing captions, each has the responsibility of finishing on time before the dreaded deadline. Many Monday nights were spent trying to complete this task, and besides keeping Burger King in business, much work was accomplished. The staff feels that this is the best book ever and we hope you all will enjoy it.

Student Council

Our student government leaders

Student Council this year was very busy. At an early hour of 7:15 in the morning, Valley's Student Council was planning a number of things to do. In the beginning of the year they went right to work on passing the Sock Hop, Homecoming and the new King Cool. Later in the year they sponsored the Lovers -n- Levis Banquet, Spiritual Emphasis Week, Car Rally, Car Show, and other such things as the ASB Elections and special assemblies. All this hard work was done by people who put in a lot of time to make this year at Valley memorable for everyone.

Gazette

TOP RIGHT: Assistant Editor Scott Allen revising Margery Clute's article. BELOW: Lisa Vos types a final copy. MIDDLE RIGHT: Laying out pages comes easily for Mary Bothof.

Valley's local paper

Much hard work was put into this year's Gazette. The format of the paper was changed to page headings and an editor was assigned to each page. That editor is responsible for assigning articles for each issue and also for laying out the articles. This worked out better in that each page editor would feel more responsible for his page. The editor-in-chief is responsible to see that all the pages are filled with information. Finding interesting stories isn't easy, but the staff pulled through and were rewarded with a 2nd place award in a contest sponsored by the Columbia Scholastic Press Association.

Math Club

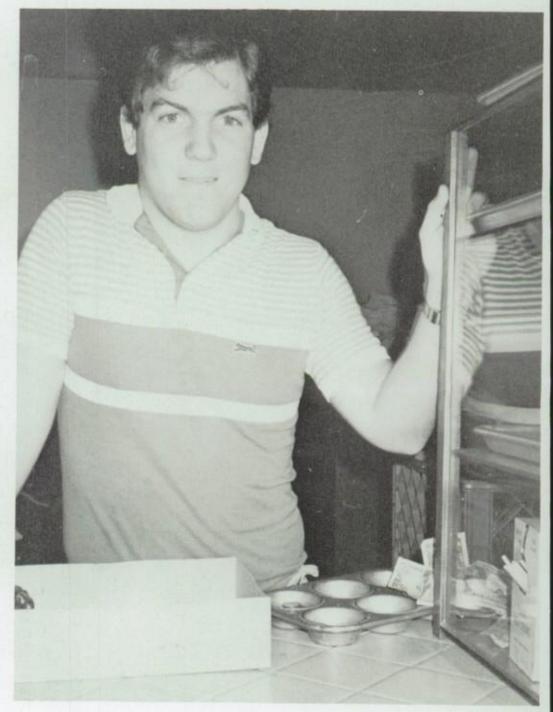

The club for the computer age

With the world coming to the computer age, it's a wise decision to get into the computer math club. This club is provided for students interested in the world of computers and it teaches them from basic to really involved subjects. There are many things to learn so the computers are always occupied with students trying new things. They also sold doughnuts at the kitchen window at break to raise money so they can buy more computers. This club will prepare Valley students for the computer age which is growing more and more each day.

TOP RIGHT: The math club takes time out from selling donuts to pose for a picture. ABOVE: Mr. Le Febre, the leader of the club is in charge of selling donuts. BOTTOM RIGHT: "May I help you?"

Chess Club

Concentrating on every move

Chess is a game which requires a lot of decision making, concentration, and planning. At Valley our chess club has the members that can do just that, and will. Taking over as sponsor for Rev. Knowles this year is Mr. McCune. His knowledge in chess has helped the club in improving their game. The chess club meets at lunch which is the only time that is available. This year's club has three freshmen and four seniors. Maybe next year we can get some of every class in the club.

A new club joins Valley

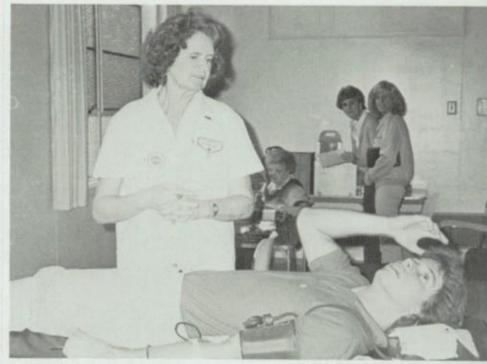

Interact

The Interact program was developed, created and is an activity of Rotary International. This club's purpose is to provide opportunity for them to work together in a world fellowship dedicated to service and international understanding. This year the Interact Club sponsored a canned food drive for Thanksgiving and two blood drives. This club is a new addition to Valley. Dr. Bootsma is the school sponsor, Mr. Zastrow is the Rotary sponsor and Dave Brower is the president. The Interact Club is a new club and intends to get stronger through the years.

Office

Mrs. A. Brink 10 years

Mr. B. Keuning 18 years

Where the major concerns are handled

Most of us don't realize how much hard work goes into running Valley. Besides organizing report cards, keeping track of fees, paying bills and averaging grades, Mrs. Brink, our never-failing secretary, takes phone calls, orders the needs, and sorts out the mail for an entire high school. As principal, Mr. Keuning has to see that good parent-teacher relationships are maintained and takes care of discipline problems. Valley is very fortunate to have such a dedicated, hard working team.

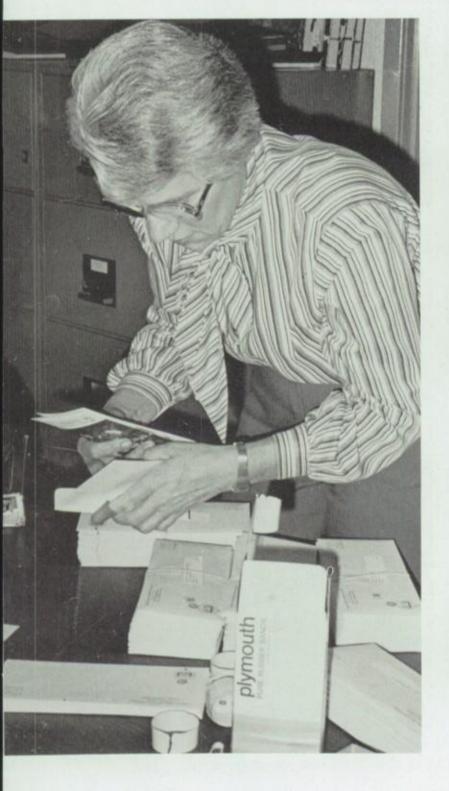

TOP RIGHT: Mr. Keuning uses his favorite modern convenience. MIDDLI LEFT: "Just one quick announcement." BOTTOM RIGHT: Office aides, like Joan, ease the heavy work load.

Business Office

Business as usual

The Business Office is a very important place here at Valley. Many important issues are taken care of there. Some of them are tuition, finances, and the bus system. Not only is it the Business Office, it is also where you find Dr. Bootsma's office. Mrs. LeFebre and Mrs. Lougee are the two secretaries who take care of the office. These three people have taken on great responsibilities and have done a good job taking care of them. We thank you three for doing such a great job this year, as always.

Board

The men who do the "dirty" work

Under the leadership of Arnie Westra, twelve dedicated men, chosen for their good reputations, did all the "dirty" work for the school. This year they went before the Cerritos City Council to present their plans for the new industrial arts building. Things didn't turn out as planned, but since they were the board, they were quick in making changes in the plans. These men also worked on a new set of rules for eligibility for the students who participate in extra-curricular activities. Without the dedication from these men, the school would not run smoothly.

TOP RIGHT: One of the highlights of the job is giving out diplomas. ABOVE: Mr. Westra is loaded down with paper work. RIGHT: What a happy group!

Boosters

TOP LEFT: One of the many Booster Club meetings. BOTTOM LEFT: A Booster Club member sells season passes at the Letterman's Banquet. MIDDLE RIGHT: Three Booster members with one of the many signs they made for the athletes.

Giving our athletes a boost

Have you ever wondered who bought all the trophies for the sports banquets? Or who paid for the banquets themselves? The Boosters did it all. The Boosters did a whole lot of things for Valley in the past and continues to do so. They raise their money by selling pre-season tickets for home football and basketball games and also by selling the refreshments at the football games. The one big thing that they did for Valley this year was making the banners that will be in the gym. This club is made up of parents who want to give a little extra for the school and take some of their own time to help. Thank you Boosters.

Mothers' Club

The women who raised us

Have you ever told yourself that you would be able to live without your mother? Well, Valley hasn't. Valley would never be able to make it without the Mothers' Club. These mothers have meetings where they make plans for the school in a time period when they could be doing other things. They start planning events, such as, the harvest festival, long before the day of it's occurance is upon us. They are also the one's who come up with items to sell at the Christmas Boutique. And can you imagine the elementary and junior high kids without their hot lunches? Well, the Mother's club fills those small stomachs with the much needed food. They also run the dishwashers for all the events in which the plates were used. With Mel Hood as President, & the support of the other ladies in the club we have alot to thank them for.

TOP RIGHT: One of the major attractions at the Harvest Festival was the pottery booth, which drew alot of attention from the youth. ABOVE: The Christmas Boutique was another precedent the Mothers' Club has set. BOTTOM RIGHT: A few mothers' gather at the Christmas Boutique for coffee and cookies.

Businessmen's Association

Busy but dedicated men

One of Valley Christian High School's most loyal supporting organizations is the Business Men. They are a group of volunteers who work together to provide the school system with things they wouldn't have had otherwise. For fundraisers they sell turkeys and hams during the Thanksgiving and Christmas seasons. They also have a toy auction some time in the winter. We would like to thank these men for their support and dedication to the Christian Schools.

TOP LEFT: Do I hear \$5.00? MIDDLE RIGHT: A Businessman gathers up toys for the auction. BOTTOM LEFT: Two of the Businessmen parade a toy around for auction.

Janitors

Mulders make it shine

Keeping Valley's campus clean is a hard job. Fortunately for us, we have the Mulders. They sweep and shine the floors we trample on, wash the top of the desks we write on, and many other tireless chores. The Mulders are here cleaning before we get to school, and stay even after we leave. And during vacations, while we're in the mountains or at the beach, the Mulders are here diligently cleaning. We owe the Mulders a lot of thanks because if it weren't for them our pride would be dirty.

ABOVE: Mr. Mulder hard at work. TOP RIGHT: Mr. Mulder and one of his many jobs. BOTTOM RIGHT: Mr. Mulder and his trusty skateboard.

Bus Drivers

UPPER LEFT: What a happy group of bus drivers. MIDDLE LEFT: Come on Mrs. Hiemstra just say "cheese." BOTTOM LEFT: Jerry has an "Ultra Bright" smile. MIDDLE RIGHT: Mrs. Tanis tries to smile real big so no one will notice she went on the wrong bus.

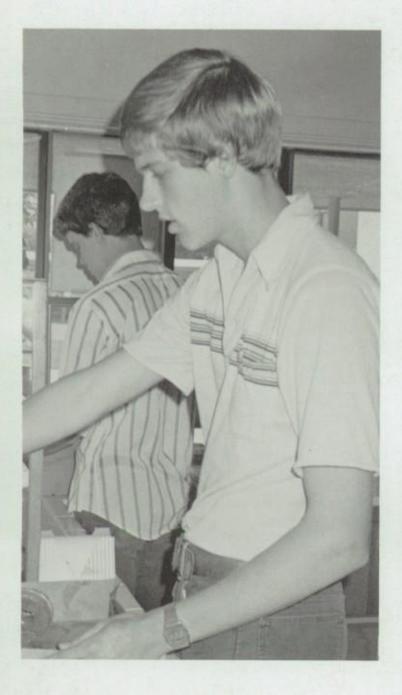

Our very own chauffeurs

Moms and Dads are always telling us how when they were kids they used to walk five miles in the snow just to get to school. Well, when we become moms and dads, we won't be able to say that because here at Valley, we have certain ladies who get up very early in the morning to drive a bus just to get you to school. These ladies are Valley's bus drivers. We should be really grateful for these ladies because, let's face it, five miles is quite a ways to walk.

Attendance, Book, & Canteen

What's high school without tardy notices, school books and snacks?

This year there was a change that affected everyone's lunch hour. The canteen was moved to the kitchen, next to the chapel. The school even chose and voted on a name for the canteen. The poll was taken and the canteen adopted the name "Krusader Kitchen." The canteen was run by both guys and girls of the junior class. Mrs. Zeller took on the responsibility of the attendance office. This job is usually taken by Mrs. R. Sjoerdsma who takes her own time to stack and sort out books. The bookstore is located in the old canteen. We should all thank these two for doing such an extremely good job.

One Last Look. . .

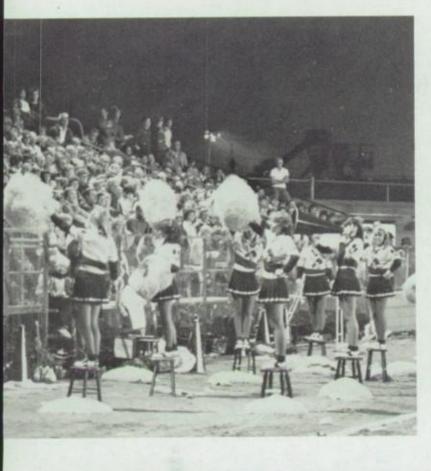

Well, this is the end of the book. Within these pages are our memories of 1983. Let's just take one last look at some of the things that stood out most to us throughout the year. Remember . . . our first school sponsored dance, a sock hop . . . when it rained so much we had a huge Crusader Lake . . . waiting for the 3:00 bell to ring (we thought it would never come) . . . the exciting night of graduation . . . sitting with your friends at the football games . . . homecoming . . . Dennis' famous slams . . . leaving the parking lot on the last day of school . . . and of course our teachers.

Yes, I am the person in charge of putting this whole book together. My staff and I have put alot of hard work into making this the best book Valley Christian has ever had. I hope we have accomplished this for you.

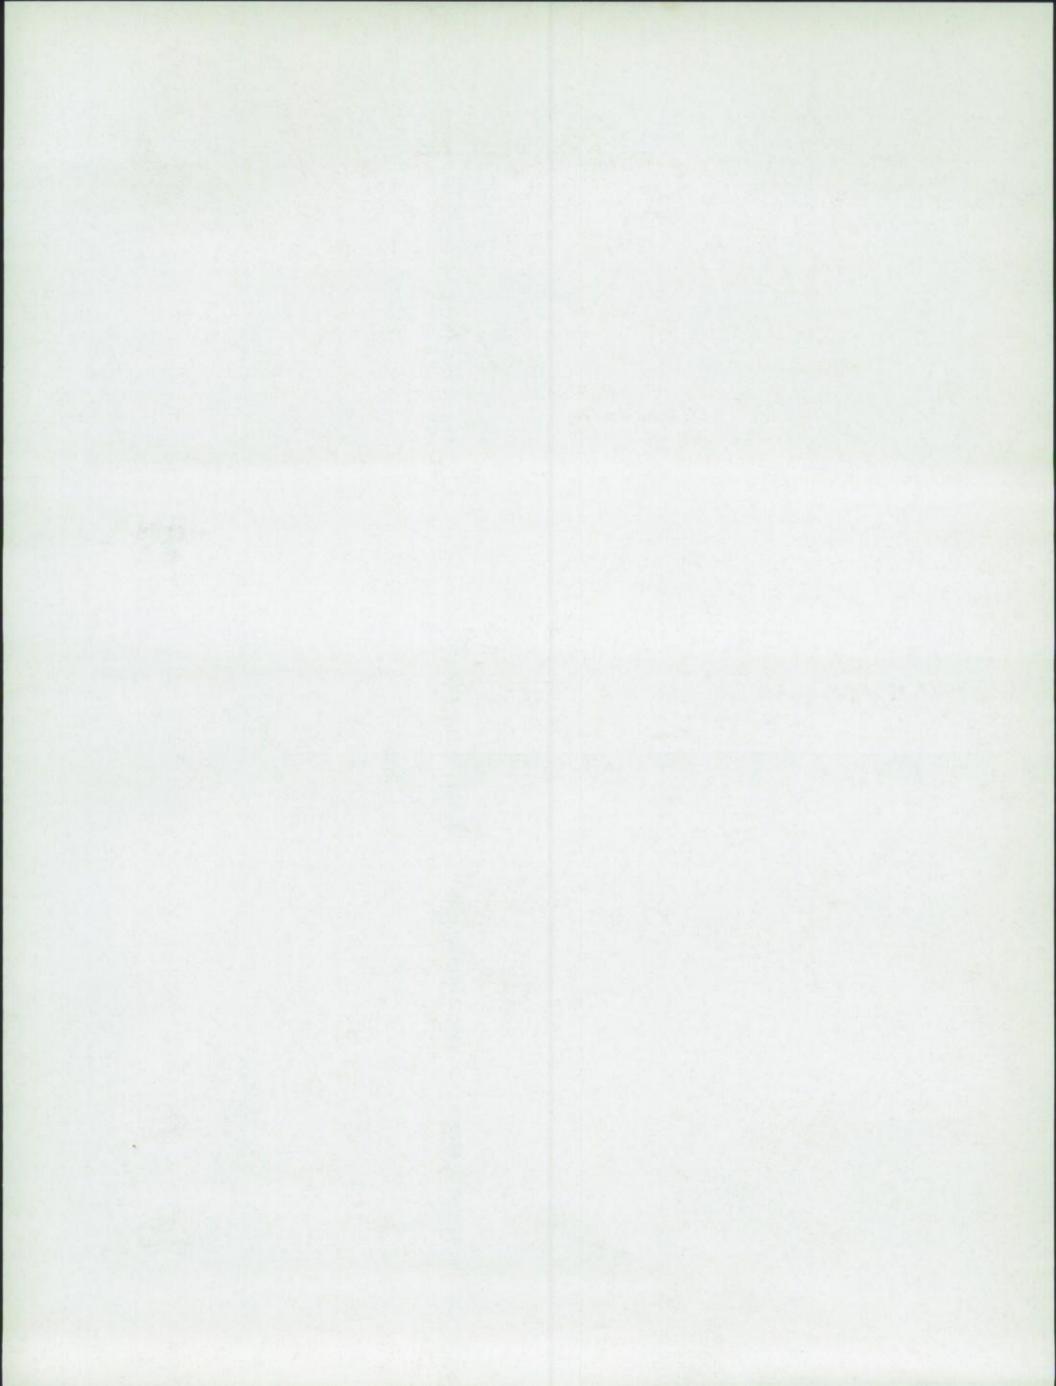

I would like to compliment my staff. You were the most dedicated staff that I have ever been a part of. I admit there were a few times during the year that I wished I didn't have the responsibility of this book (Oh, I'll never forget our first deadline . . . I thought I would never make it through the year!), but my crazy and caring staff got me through it! I want to give thanks to: Dana, for coming back to the staff and helping me through the year. I really don't think I could have done it without you! Cindy, my best friend, especially for your help with the senior stuff. For a copy person you sure learned how to do everything! (Besides, without you on the staff, who would have helped Dana and I spell?) Rachelle, my assistant editor, thanks for all your help. I wish you the best of luck next year, may your staff be as good to you as mine was to me! Tracy, thanks for all your support and Christian love. Anna, Mishal, Toni, April and "Rae", thanks for adding life and laughs to my staff! ("Ape", I'll never forget our adventures during the summer . . . the Disney music and our two "cute" friends. Toni, remember, you can't erase on carbon paper!) Sheryl, thanks for your quiet work in

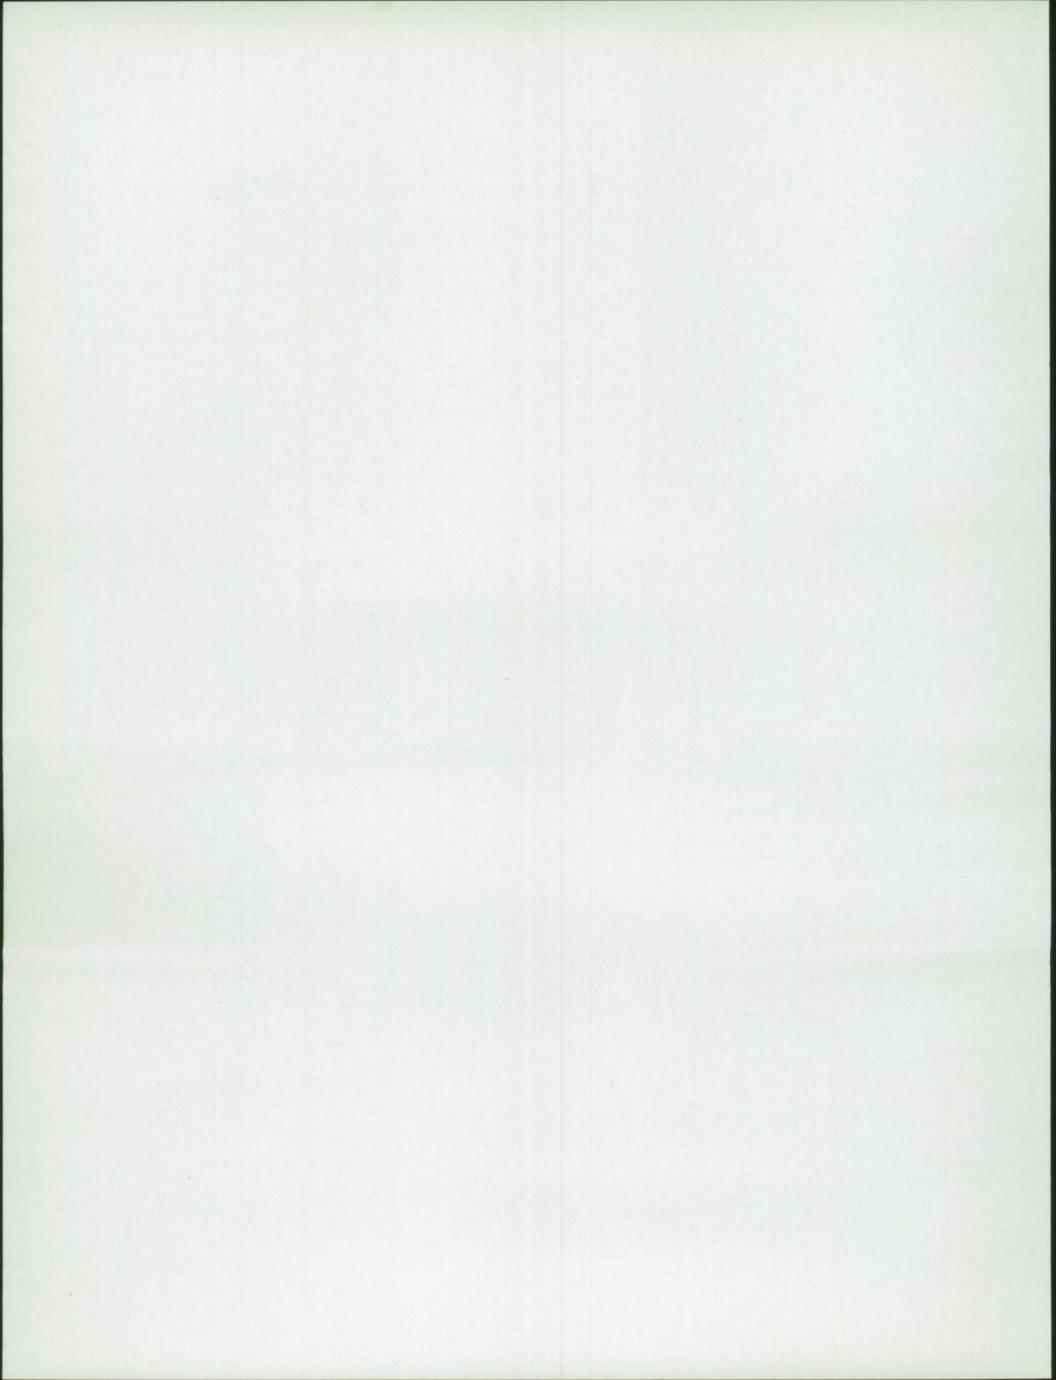

the corner. Chris and Sara, keep up the hard work with ads and pictures. (I know how you felt when things didn't go right with pictures!) Brian, who deserted me, and Laurie (alias "Truckey"), thanks for your work as photographers. Mr. Sjoerdsma, thanks for helping me with everything! My first trimester studyhall buddie, thanks for your help with the wording of my theme pages (I told you I would never forget!) Susie, "our little sister", thanks for helping us finish during the summer. Mom, who checked and double checked everyone of the pages and proofs, I can't thank you enough!!! Dad, for helping me on my subheadings (I confess, the clever ones are his creations and the dumb ones are all mine!)

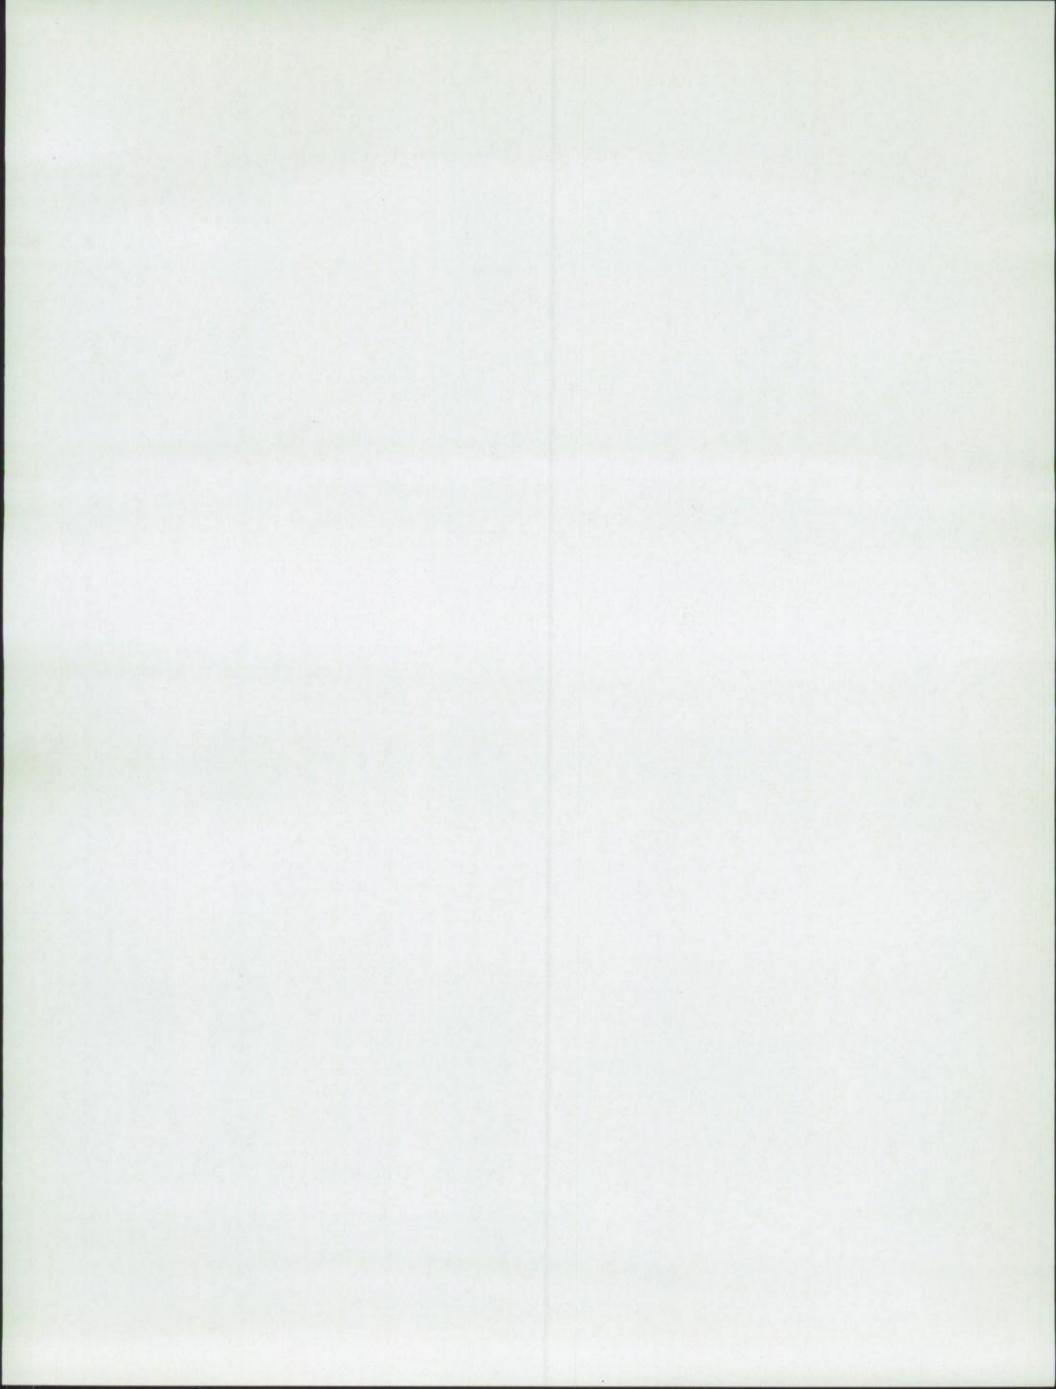

Now, with all my "thank you's" said, I would just like to say, I really enjoyed putting this book together! We tried to capture all the highlights and memories of the year and put them in a book you can treasure. Enjoy! Staff, I'm going to miss you! Rachelle, it's all yours . . . the headaches and the joy! Good luck!!!
